#### **About New Millennium**

New Millennium holds an 80% interest in the LabMag Iron Ore Project, the world’s largest known undeveloped magnetite resource that is currently at an advanced stage of exploration. The project is located in the province of Newfoundland and Labrador (“NL”) about 220 km north of Labrador City and 30 km northwest of Schefferville, Quebec. The development envisions the construction and operation of a mine, crusher, concentrator, slurry pipeline, pellet plant, shiploading facilities and related infrastructure.
